

The Vendor Survival & Sales Guide

Phone-first scripts for Nigerian online vendors

Last price. I will get back to you.
TikTok views. Zero WhatsApp DMs.
The fear of sounding desperate.

This book gives you the words,
the daily rhythm, and the close -
without begging, without insulting.

THE OUTCOME

Predictable daily sales. Confident communication.
Copy. Edit the blanks. Send. Track what paid.

A LETTER TO YOU

You are not a desperate vendor.

You already have something to sell. A file. A dress. A service. A pack sitting on your laptop.

The hard part is not the product. The hard part is the chat.

Last price. I will get back to you. How much? Then silence.

YOU ARE SEEN

You post on Status. People view it. Nobody replies. You get 12,000 TikTok views and two comments that say 'nice'. You type a follow-up, delete it, type it again, send it, then feel cheap. Someone says last price before they even ask what is inside. You drop the price because you are afraid they will leave. They leave anyway.

Here is the part nobody told you.

Your product is not always the problem. Your silence, your long speeches, and your panic discounts are the problem.

You do not have a sales system. You have hope and a chat list.

This book is not a course. It is not motivation. It is the words, the daily rhythm, and the close.

Every script is phone-first. Short. Punchy. Easy to read on a small screen. Copy it. Replace the blanks. Send one message. Wait.

THE OUTCOME

Predictable daily sales. Confident communication. You stop guessing what to type. You stop begging. You stop insulting. You send the next clear step, then you track what paid.

HOW TO USE THIS BOOK

Contents

Jump to today's fight. Do not read this like a novel.

Ch	Chapter	Use it when
00	Quick start	Do this on your phone first
01	The real problem	Views, silence, and panic discounts
02	The Vendor Survival System	One offer. One price. One next step.
03	Fill your blanks once	The key that makes every script usable
04	WhatsApp launch	Teaser to live without sounding desperate
05	Sample, checkout, deliver	Taste, pay, file, review
06	Last price	Firm. Polite. No theatre.
07	I will get back	Hold, follow up, or close
08	Cheaper elsewhere	Explain value. Offer a ladder. Leave well.
09	TikTok to WhatsApp	Views are not sales. Move them.
10	First 60 seconds	What to send when they arrive
11	Daily sales posts	Never stare at Status again
12	The 7-day proof	A week that produces money, not content
13	Confidence rules	No begging. No insulting. No 8 follow-ups.
14	Close the file	Do this. Then stop.

The workbook has the write-in pages: offer setup, launch calendar, objection playbook, daily planner, buyer log, 30-day tracker.

The Phone Quick Start is 4 pages. Open that in traffic. Open this book on the sofa.

CHAPTER 01

The real problem is not your product.

You can create a PDF in an afternoon. AI made that easy. Buyers did not become easier.

Most vendors start with 'what should I create?' Then they build. Then they post. Then they wait. Then they say digital products do not work.

The money is made before the file exists. People are already trying to buy something. Your job is to find that, package a clear offer, then stop going blank in the chat.

The four Nigerian vendor wounds

1. Last price. They ask before they know what they are buying. Bargaining is a habit. If you panic, you train them to keep dragging.
2. I will get back to you. Sometimes it is money. Sometimes it is comparison. Sometimes it is a polite goodbye. Your job is one clear hold or one follow-up. Not a campaign.
3. TikTok views, zero WhatsApp DMs. The video worked. The next step did not. Comments are not a checkout. WhatsApp is.
4. The fear of sounding desperate. So you go quiet. Or you send four voice notes. Both lose the sale.

YOU ARE SEEN

You are not weak because you feel this. You are a vendor in a market where people collect prices, ghost chats, and still expect you to smile. You need rails. Not a new personality.

What this book will not do

It will not print money. It will not make a dead offer live. It will not save you if you drop your price every night.

It will give you words you can send today, and a week you can repeat.

THE OUTCOME

Stop creating first and hunting buyers later. Sell what people already ask for. Then use scripts so the chat does not depend on your mood.

TODAY, ON YOUR PHONE

- Write the last message that made you feel cheap.
- Write the reply you wished you had sent.
- You will meet that reply in Chapter 06.

CHAPTER 02

The Vendor Survival System

One offer. One price. One next step. Every day.

If a buyer must think, they will keep scrolling. If you dump five links, they will pick none. If you change the price in every chat, you will hate your own business.

The four rails

RAIL 1 · OFFER. [product] helps [who] get [benefit] without [the confusing thing they are tired of].

RAIL 2 · PRICE. One number. Say it. Do not hide it unless you truly cannot. Hidden prices create last-price fights.

RAIL 3 · NEXT STEP. PAY. SAMPLE. PRICE. One word. One link. Not a paragraph.

RAIL 4 · RHYTHM. Post once. Reply the same day. Follow up once. Deliver fast. Track what paid.

THE RULE

Keep one product, one price, and one next step in every message. Do not dump five links.

The daily loop

Block	Minutes	Job
Post	10	One Status, one TikTok comment sweep, or one launch line
Reply	20	Every how-much and PRICE comment. Move them to WhatsApp
Close	15	Send details once. Ask a decision. Follow up yesterday's quiet chats once
Deliver	10	Payment in. File out. Tell them what to open first
Track	5	What you sent. Who replied. Who paid. Repeat only that

That is 60 minutes. Not a full-time content job. If you cannot do 60, do Reply and Close. Posting without replies is decoration.

TODAY, ON YOUR PHONE

- Write your one offer sentence.
- Write your one price.
- Write your one next step word.

CHAPTER 03

Fill your blanks once.

Until these are real, every script is a costume.

Do this on paper or in Notes before you copy anything. If you skip this, you will send [product] to a human being. That is how you look unserious.

The fill-in key

Blank	What you write
[product]	The name of what you sell today
[price]	Your real price. Example: N5,000
[benefit]	The result they want. Not 'a nice PDF'
[who]	Who it is for. Be cruelly specific
[pain]	The annoying problem they already have
[link]	Selar, Paystack, or wa.me
[sample]	One page or one template. Not the whole file
[time]	How fast they get access. Usually instantly
[bonus]	Extra this week, or write none
[keyword]	PRICE, PAY, SAMPLE, CATALOG

Offer sentence

[COPY-PASTE]	OFFER SENTENCE
	[product] is a simple [ebook / template pack / planner / prompt pack] for [who] who want [benefit] without [the confusing thing they are tired of].
[COPY-PASTE]	WORKED EXAMPLE
	WhatsApp Sales Scripts For Fashion Vendors is a copy-paste pack for boutique and thrift sellers who want more orders without guessing what to type.

THE RULE

If you cannot say the offer in two lines, you are not ready to launch. You are still thinking.

TODAY, ON YOUR PHONE

- Fill the workbook Offer Setup page.
- Prepare one sample you can send without giving the product away.

CHAPTER 04 • WHATSAPP LAUNCH KIT

Launch without sounding desperate.

Do not drop the payment link first. Warm the chat. Then announce. Then follow up once.

Desperation sounds like: 'Please buy.' 'I need to make sales today.' 'Last last I will reduce it.' Confidence sounds like: here is what it is, here is the price, here is the next step. Your tone can be warm. Your structure must be firm.

3-day launch

Day 1: one teaser. Reply 'what is it?' Send SAMPLE to serious people only.

Day 2: announce. Send what is inside. Pin [link]. Answer every price question the same day.

Day 3: one checkout reminder. Follow up 'I will pay later' once. Deliver fast. Ask for a voice note.

- Do not send both in the same hour.

CHAPTER 05 • WHATSAPP LAUNCH KIT

The full file has more like this, plus [bonus].
If you want the complete version, it is [price].
I can send the payment link now.

[COPY-PASTE]

THEY WANT IT FREE

I cannot send the full file free.
The preview is to show you the quality.

The complete [product] is [price].
If it is useful to you, I can send the payment link.

Buyer questions

[COPY-PASTE]

HOW MUCH?

[product] is [price].

You get the full file [time] after payment.
Do you want me to send the link?

[COPY-PASTE]

No. It is a downloadable file you can use on your phone.
No live class. No waiting for a Zoom link.

You pay [price], I send access.

[COPY-PASTE]

SEND THE FILE FIRST

I deliver immediately after payment.
That is how I keep it fair for people who have paid.

I can send a short preview now.

[COPY-PASTE]**ASK FOR A REVIEW**

If the pack is useful, please send me a short voice note or 2 lines on what you used it for. It helps other buyers trust the file.

TODAY, ON YOUR PHONE

- Deliver the same day payment shows. Speed is part of the product.

CHAPTER 06 • PRICE OBJECTIONS

Last price. Stand. Do not perform.

They are not always rejecting you. Sometimes they want to feel they did not pay foolishly.

Last price is a habit in this market. Your job is not to win an argument. Your job is to make the next step clear: pay, pick a smaller option, or leave politely.

THE RULE

Do not insult the customer. Do not beg. Do not lie about stock just to force a sale. Do not start high so you can 'reduce'.

Too expensive

[COPY-PASTE]

CALM PRICE REPEAT

I understand.
[product] is [price].

It includes [benefit].
Do you want me to hold it for you, or should I show a closer option?

[COPY-PASTE]

PRICE PLUS WHAT THEY GET

It is [price] because you are getting [benefit], not just the name of the file.

If you want it, I can reserve it now.
If budget is the issue, tell me the range you are working with.

[COPY-PASTE]

DO NOT APOLOGIZE

Yes, it is [price].

I price it for the quality and the way I deliver.
If that works for you, I can take the order now.

[COPY-PASTE]

ASK WHAT THEY COMPARED

Okay. When you say expensive, do you mean the price is above your budget, or you saw a cheaper version somewhere?

If I know which one, I can explain the difference or show another option.

[COPY-PASTE]

DIGITAL PRODUCT VERSION

I hear you.

This is a complete file, not a random free template.
You get [benefit], and you can use it immediately.

[price]. If you want a smaller version, I have [smaller option] for [price].

[COPY-PASTE]

STAND FIRM SOFTLY

I cannot drop it to that amount and still deliver it well.

The price remains [price].
If you want it, I am here. If not, I wish you well.

Last price theatre

[COPY-PASTE]

LAST PRICE IS THE PRICE

The last price is [price].
That is the real price, not a starting number.

Should I book it for you?

[COPY-PASTE]

THEY KEEP ASKING

[price] is already the last price.

I do not start high so we can drag it down.
Do you want me to process it at [price]?

[COPY-PASTE]

GIFT INSTEAD OF DISCOUNT

I cannot reduce the price.

What I can do is include [bonus]
if you complete payment today.
[product] remains [price].

[COPY-PASTE]

REFUSE THE THEATRE

I do not do "make I hear last price" on this one.
The price is [price], and it is available now.

Yes or no is fine.

[COPY-PASTE]**DIGITAL ONE-PRICE**

For digital products I keep one price so every buyer pays the same.

[product] is [price].

No special last price, no hidden discount.

Do you want the link?

[COPY-PASTE]**LAST PRICE THEN LADDER**

Last price on this [product] is [price].

If that is above what you want to spend, [smaller option] is [price].

Which one should I pack?

TODAY, ON YOUR PHONE

- Save LAST PRICE IS THE PRICE and STAND FIRM SOFTLY.
- Use one. Do not send both.

CHAPTER 07 • PRICE OBJECTIONS

I will get back to you.

This sentence is where sales go to die if you either chase or vanish.

Give them a simple next step. Ask what they need to confirm. Offer a short hold. Follow up once. Then close the loop. Two follow-ups is enough. Three is usually too much. Eight is begging.

Hold the door without kneeling

[COPY-PASTE]

SIMPLE NEXT STEP

Alright.

When you are ready, [product] is [price].

I will be here. If you want me to hold it, tell me a time today.

[COPY-PASTE]

WHAT DO YOU NEED TO CONFIRM

No problem.

Are you checking money, or comparing another option?

If I know, I can send the exact detail you need so you do not delay.

[COPY-PASTE]

SHORT HOLD

I can hold [product] until [time].

After that I cannot promise it will still be available.

Should I hold it?

[COPY-PASTE]

SAME-DAY FOLLOW-UP

Hi, just circling back on [product].

Do you still want it, or should I leave it for now?

[COPY-PASTE]

NEXT-DAY FOLLOW-UP

Good morning. Checking if you still want [product] at [price].

If yes, I can take payment now. If your budget changed, tell me.

[COPY-PASTE]

LAST FOLLOW-UP

I will not keep following up after this.

If you want [product], send PAY or send the amount.

If you have moved on, no wahala.

[COPY-PASTE]**HELP THEM DECIDE**

If the only issue is confusion, here is the short version:

[product] - [price]

Includes [benefit]

Available now

Do you want it or should I close the chat?

Pay later / installment

[COPY-PASTE]**SMALL FILE RULE**

For this file, payment is complete before I send it.

It is [price], one-time.

I can wait until [time] today if you are collecting the money.

[COPY-PASTE]**DEPOSIT FOR PHYSICAL**

I can hold it with a deposit of [price].

Balance [price] before delivery or pickup.

Should I send the account?

[COPY-PASTE]**PAY LATER IS A STALL**

I understand money timing.

I will not start work or send the file until payment is complete.

When you are ready, [price] is the price.

[COPY-PASTE]**CHEAPER THING TODAY**

If paying [price] later is hard, [smaller option] is [price] and you can take it today.

Then you can upgrade later if you want.

YOU ARE SEEN

You are afraid that if you do not keep chatting, you will look hungry. The opposite is true. One calm follow-up looks like a business. Five 'please dear' messages look like you need them more than they need the product.

TODAY, ON YOUR PHONE

- Pick one follow-up. Put a time on your phone. Send it once. Then stop.

CHAPTER 08 • PRICE OBJECTIONS

They saw it cheaper.

Do not attack the other seller. Explain what they pay for here. Offer a ladder. Close well.

[COPY-PASTE]

EXPLAIN THE DIFFERENCE

The cheaper one is probably a lighter version, or no support.

This one includes [benefit].

That is why it is [price].

[COPY-PASTE]

DO NOT TALK THEM DOWN

I have not seen the one you saw, so I will not talk down on it.

What I can tell you is what you are paying for here:

[benefit].

Price is [price].

[COPY-PASTE]

SCREENSHOT OF CHEAPER

Thanks for showing me.

That offer is not the same as this [product].

Mine is [price] because of [benefit].

If you want theirs, take it. If you want this one, I will process it.

[COPY-PASTE]

VALUE IN BUYER LANGUAGE

You are not paying for a file name.

You are paying so you can [benefit] without starting from blank.

[price]. Do you want to go ahead?

When to discount

Discount only when the remaining money still covers cost, delivery, and your time. Do not discount from fear. Some people are collecting prices. Let them go.

Offer a smaller option before you slash the main offer. Keep the main offer strong. Give them a ladder down.

[COPY-PASTE]

ALLOWED DISCOUNT

I can do [price] if you complete payment now.

After today it returns to [price].

Should I send the account?

[COPY-PASTE]

NOT ALLOWED

I cannot meet that amount on this [product].
The lowest I can do is [price], or you can take [smaller option] at [price].

Polite closing

[COPY-PASTE]

KIND CLOSE

Thank you for asking.

If [price] is not in your budget now, I wish you well.
When you are ready, [product] will be here if it is still available.

[COPY-PASTE]

AFTER TOO MUCH BARGAINING

I think we should leave it.

I want you to buy something you are comfortable with,
and I need to keep the price I can deliver well.

Thank you.

[COPY-PASTE]

DOOR OPEN

No wahala.

If your budget changes, send a message.
I will tell you if [product] is still available at [price].

[COPY-PASTE]

THEY GOT RUDE

I will not continue this conversation.

The price is [price]. If you want it later at that price, you can message.

THE OUTCOME

You kept your price or you offered a smaller thing. You did not beg. You did not insult. That is a win even if they leave.

CHAPTER 09 • TIKTOK TO WHATSAPP

Views are not sales.

The leak is the comment section. You reply too slow, dump the whole story, or have no WhatsApp next step.

Pin one CTA. Reply with one short line and one next step. Move price, delivery, and payment to WhatsApp. Do not paste your account under the video. Do not argue in comments.

I understand.

You can pay on Selar so it is recorded: [link]

20-minute comment sweep

Twice a day: reply every PRICE and WHERE comment. Invite them to WhatsApp with one keyword. Open WhatsApp and answer new people before you post another video.

Do not argue under the video. Do not paste long price lists in comments. Do not ignore comments for 2 days. Do not send 8 follow-ups to one person who never replied.

TODAY, ON YOUR PHONE

- Write your welcome-from-TikTok message with real [product] and [price].
- Save it as a WhatsApp quick reply.

CHAPTER 11 • DAILY SALES POSTS

Never stare at Status again.

Most vendors do not lack products. They lack words. Then they post 'available, DM for price' until people mute them.

Pick 7 templates this week. Not 50. Edit [product], [benefit], [price]. Use one CTA. Post once. Reply the same day. Repeat the posts that got DMs.

7-day posting rhythm

Day	Job
1	Direct offer
2	Problem-solution
3	Trust or review
4	Question post
5	Soft-sell / one tip
6	Urgency or stock
7	Reminder plus CTA

Direct offers

Problem-solution

[COPY-PASTE]

NOT LAZY

If [pain] is still happening, it is not because you are lazy.

You probably do not have a simple [product] to use.

This one helps you [benefit].

[price]. DM me.

[COPY-PASTE]

VIEWS ARE NOT SALES

Views are not sales.

If people watch you and do not WhatsApp you, use [product]
to move them from comments to order. [price].

[COPY-PASTE]

BLANK IN THE CHAT

The customer asked a question. You went blank. They left.

[product] gives you what to say next time.

[price]. Send SAMPLE if you want a preview.

Questions, trust, urgency

[COPY-PASTE]

WHAT IS STOPPING YOU

What is stopping you from ordering [product]?

Price, delivery, or you are not sure it will work for you?

Reply 1, 2, or 3. I will answer straight.

[COPY-PASTE]

TRUST

The benefit is not a nice PDF.

The benefit is you stop guessing what to say.

[product] - [price].

[COPY-PASTE]

I WILL NOT SHOUT

I will not shout.

[product] is [price].

If it is for you, DM me. If not, keep scrolling in peace.

[COPY-PASTE]

LAST CALL

Last reminder for this week: [product] - [price]

Reply PAY or ignore.

Yesterday a buyer asked me [common question].

Here is the simple answer: [one tip].

If you want the full [product], it is [price].

[COPY-PASTE]**TODAY'S ONLY JOB**

Today's only job:

Post this, then reply everyone.

[product] is available. [price].

DM me to get it.

TODAY, ON YOUR PHONE

- Pick 7 posts in the workbook. Edit them tonight.
- Post Day 1 tomorrow. Then reply.

CHAPTER 12

The 7-day proof.

A week that produces money, not content.

Do not add a new product every day unless you can reply everyone. One clear offer plus fast replies beats ten ignored posts.

7-day Status sequence

[COPY-PASTE]	DAY 1
I am packaging a file for [who] who want [benefit]. I will share it here.	
[COPY-PASTE]	DAY 2
Reply SAMPLE if you want a preview of [product].	
[COPY-PASTE]	DAY 3
[product] is for [who]. Not for people who only collect free files.	
[COPY-PASTE]	DAY 4

[COPY-PASTE]	DAY 5
Inside [product]: [item 1], [item 2], [item 3]. Payment link on request.	
[COPY-PASTE]	DAY 6
If you clicked the link and did not finish, tell me. I will help you complete it.	
[COPY-PASTE]	DAY 7
Last reminder for this week: [product] - [price] Reply PAY or ignore.	

What to write down every day

Date. Script you used. Where you sent it. Who replied. Paid / smaller option / left. After 7 days you will see which words to keep.

THE OUTCOME

If nothing paid, the offer or the audience is wrong. Do not blame 'WhatsApp is dry'. Change the offer sentence or the who. Then run the week again.

TODAY, ON YOUR PHONE

- Print the 7-day calendar in the workbook.
- Write real dates. Tick posted. Count replies.

CHAPTER 13

Confidence rules.

Firm. Polite. Short. Then stop.

- ☐ One message. Then wait. Do not send three speeches in a row.
- ☐ Say the price. Hidden prices create last-price fights.
- ☐ Offer a smaller option before you slash the main price.
- ☐ One follow-up after I will get back. Two if they engaged. Never eight.
- ☐ Do not apologize for a fair price.
- ☐ Do not insult cheaper sellers. Explain your [benefit].
- ☐ Do not paste account numbers under TikTok.
- ☐ Do not send the full file because they said let me see.
- ☐ Deliver the same day payment shows. Speed is part of the product.
- ☐ Close politely when they are not a buyer. Leave the door open unless they were rude.
- ☐ Track what paid. Repeat only that. Delete the rest from this week's rotation.

YOU ARE SEEN

Sounding desperate is not the same as following up. Desperate is 'please dear I need this sale'. Professional is 'the price is [price]. I will be here. If you have moved on, no wahala.'

THE RULE

Your job is not to win the argument. Your job is to make the next step clear: pay, pick a smaller option, or leave politely.

TODAY, ON YOUR PHONE

- Read these rules once. Sign the Confidence Contract in the workbook.

CLOSING

Do this. Then stop.

Skip the perfect content week. Do the next step that fits today.

Action Plan

NOW

Save LAST PRICE, I WILL GET BACK, TIKTOK PIN. Fill [product], [price], [benefit].

TODAY

Post one Status or pin one comment. Reply every how-much. Use one objection script.

THIS WEEK

Run the 7-day sequence. Track replies and payments. Keep only what paid.

Upgrade Path

- ☐ One script used. You started. Stop if that is all you have.
- ☐ Offer sentence filled. The chat has rails.
- ☐ 7 days posted and replied. The system is alive.
- ☐ One week tracked. You can see the sales.

TODAY, ON YOUR PHONE

- Open Notes.
- Use one script on the next last-price.
- Close the file. That is enough for today.

THE OUTCOME

Predictable daily sales. Confident communication.
Not a perfect brand. Not 50 posts. The next clear message.
